Review / Evaluation Process

► Maintain original intent for site

- Community engagement effort identified strong support for sports facilities
- Prior to opportunity from TSE and Charlotte FC City and CSE were reviewing alternative amateur sports concepts

► Re-engaged in conversations with interested parties prior to TSE / Charlotte FC opportunity

► City received unsolicited proposal December 2022

- City issued public notice in January 2023 and requested any other interested parties should submit their proposed concept by February 6, 2023
- No RFQ/RFP issued by the City
 - *Explore opportunities with known interested parties*
 - *Complexity with infrastructure requirements and partnership with CSE*
 - *Timing / schedule impact*

2023 Public Notice

The City of Charlotte received one or more proposals for a redevelopment anchored by an amateur sports facility on an approximate 29.4-acre portion of the former Eastland Mall site (eastern portion of Parcel ID 10304199 and all of Parcel ID 10304108). All parties interested in submitting a competitive proposal are invited to submit a proposal by February 6, 2023, to:

City of Charlotte
Economic Development
Attn: Todd DeLong
600 East 4th Street
Charlotte, NC 28202

Proposals may also be submitted electronically to FASTLAND@CHARLOTTE-NC.GOV.

Interested parties must submit a final proposal in compliance with the process outlined below. This process requires each proposer to provide:

- An abstract or executive summary of the proposal (approximately 250 words)
- Detailed description of the proposed concept and development program
- Qualifications and experience of project team with similar projects
- Financial strategy, including detailed request for any public investment
 - capital stack detailing private funding/financing plan
- Estimated tourism impact of the proposed redevelopment, if applicable. Estimated impact should include the following information:
 - number of event days
 - type of events
 - target market(s) for visitors (e.g. local, state, national, etc.)
 - room-night generation
 - economic and fiscal impact
- Development schedule
- Plan for allowing usage of the facility by the general public and must include any applicable fees that may be charged to use the facility as well as if/when the facilities are available for use by the public

Proposals will be evaluated in four key areas – qualifications and experience, financial strategy, project approach, and development schedule. The City reserves the right to waive any informality in any response, to reject any or all proposals in whole or in part, with or without cause, and/or to accept the proposal that in its judgment will be in the best interest of the City and its citizens.

Review / Evaluation Process

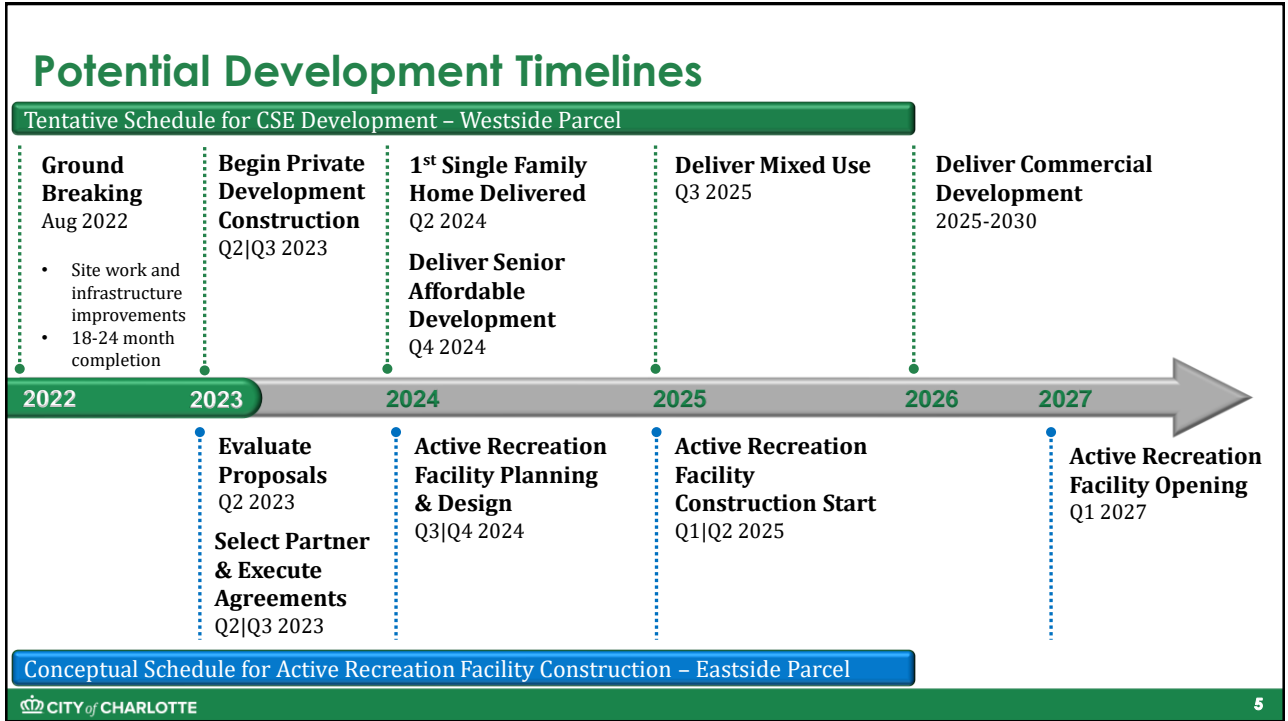

► March 6 Committee Discussion

- ▶ **Public investment requested = \$35-\$45M for capital improvements**
 - 80-82% of total capital cost
- ▶ **Private investment = \$10M**
 - Per proposal, non-profit entity will raise up to \$10M through corporate sponsors, naming rights, charitable gifts, and local fundraising events
- ▶ **Community use of facility for fee**
- ▶ **Design & construction schedule = 24-36 months**
- ▶ **No public funds requested/required for ongoing operations**
 - If shortfall occurs, the board will be responsible to raise funds for deficits

Revised Proposal

- ▶ **Estimated project cost = \$45-\$50M**
- ▶ **Public investment requested = \$35-\$45M for capital improvements**
 - 80-82% of total capital cost
- ▶ **Private investment = \$10M**
 - Per proposal, non-profit entity will raise up to \$10M through corporate sponsors, naming rights, charitable gifts, and local fundraising events
- ▶ **Community use of facility for fee**
- ▶ **Design & construction schedule = 24-36 months**
- ▶ **Public funding required for ongoing operations - TBD**

Eastland Aquatic Center – Select Staff Follow-up Questions

- ▶ **Provide site plan where facility would be located on the site and include any infrastructure improvements required.**
- ▶ **Describe how the proposed facility would compete for events with existing facilities in the Charlotte region – Mecklenburg County Aquatic Center and Huntersville Family Fitness Aquatics.**
 - Would the proposed facility compete for the same events?
- ▶ **What is the schedule for the proposed private funding?**
- ▶ **Please provide greater clarity on the proposed land and building ownership structure.**

Racquet Sports Entertainment District – Select Staff Follow-up Questions

- ▶ What is the schedule for raising the proposed private funding?
- ▶ Per the revised proposal provided on March 2, the requested public funding was \$14.5M in year 1 and \$12M in year 2. It also includes an additional public request of \$11.6M to support infrastructure improvements. Combined the total public funding requested was stated as \$38.1M. Please confirm this is still accurate.
- ▶ The revised proposal reduced the public investment requested by approximately \$7M...how does this reduction impact the proposed facility and programming as described in the original proposal?

Recommendation

► Remove from further consideration

- Target
 - *Reasoning:*
 - Program does not align with community priorities
 - Plan underutilizes available land
 - Proposer did not provide complete information to staff requests
 - *Other considerations*
 - Demonstrated ability to increase job opportunities
 - Increased local access to grocery amenities
 - Corporate focus on supporting local community
- Eastland Aquatic Center
 - *Reasoning:*
 - Uncertain ownership management structure for both construction and operations,
 - Too much competition for MCAC to justify ROI
 - *Uncertain competition with Greensboro Aquatic Center for larger, high quality events that drive visitation*
 - *City ROI contingent on attracting enough high quality events to drive room night demand*
 - *Other considerations*
 - Demonstrated demand for increased water in region
 - Impressive commitment to community-oriented initiatives around water safety for low income residents
 - Concept may be able to host larger events than MCAC
 - Potential for public financial support of annual operations
 - Continue conversations with team about expanding aquatics offerings in region

Recommendation

► Continue evaluating to determine the best long term solution for East Charlotte

- Carolina Serves | Racquet Sports Entertainment District
 - *Pros*
 - Demonstrated market demand for increasing supply of courts and larger complexes in the region
 - Impressive commitment to engaging youth and offering affordable programming for lower income residents
 - Revised program decreases public “ask”
 - *Cons*
 - Under revised program public would be taking on greater share of capital costs (88%)
 - Economic impact reliant on larger events - potential impact not as strong as team sporting events
 - Need further evaluation of parking strategy to mitigate burdens on neighborhoods during larger events
 - Uncertain long term operational structure for competitive events
 - Limited opportunities for community use outside of racquet sports
- QC East @ Eastland Yards
 - *Pros*
 - Impressive mix of uses/activities on the 29-acre site
 - Attractive mix of public and private funding structure (49% public)
 - Demonstrated ability to manage variety of events (entertainment, sports, and tech)
 - Development team brings relevant, complementary skills sets and experiences
 - Economic impact and initiatives to support local job growth, local business expansion, and development of tech-oriented skillsets
 - *Cons*
 - Larger events may place burdens on surrounding communities with traffic and parking
 - Need better understanding of market competitiveness for esports events
- Public solution
 - Multi-sport facility equally focused on sports tourism and community amenities
 - More significant economic impact from team sports
 - Greater access and utilization for residents in adjacent communities

Next Steps

► Continue to support CSE and current work

- Assess infrastructure needs for eastern portion of site to mitigate disruptions to ongoing work

► Next 3-4 months:

- Continue evaluation of short-listed proposals
