STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the 2040 Policy Map recommendation for Community Activity Center

Rationale for Recommendation

- CAC-1 zones are intended for those areas that are transitioning away from automobile-centric orientation toward a more walkable, well-connected, moderate intensity, mix of retail, restaurant, entertainment, office, and personal service uses, including some residential uses.
- The area surrounding the subject site includes a mix of office, residential structures, many of which have been converted to office and residential support uses, and multi-dwelling development.
- The development standards of the CAC-1 district allow for greater flexibility in design and site elements, such as parking amount and

- location, while accommodating multiple modes of transportation including walking, bicycling, and automobile.
- CAC-1 zoning district is appropriate as it would align the site’s zoning with the site’s existing Community Activity Center Place Type which is the predominate Place Type along both sides of Park Road.
- The petition could facilitate the following *2040 Comprehensive Plan* Goals:
 - 1: 10 Minute Neighborhoods
 - 2: Neighborhood Diversity & Inclusion
 - 8: Diverse & Resilient Economic Opportunity
