STAFF RECOMMENDATION

Staff does not recommend approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *2040 Policy Map* recommendation for Manufacturing and Logistics.

Rationale for Recommendation

- The proposed Place Type is characterized by adaptively reused buildings and low to mid-rise single-use structures that are transitioning to vertically integrated uses in a pedestrian-oriented environment. The property is vacant, and the pedestrian-oriented environment is currently deficient.

For consideration of IMU, a mix of uses should be present either on-site or within walking distance with a sound pedestrian network.

- The Innovation Mixed-Use Zoning District is intended to accommodate those areas that have typically developed as industrial areas but are transitioning from an exclusively industrial orientation to a broader mix of light industrial, artisan industrial, commercial, and moderate density residential uses, within a more walkable environment. The proposed use, consisting of ~~350~~ 300 multi-stacked units, is inconsistent with the intent of the IMU zoning district.
- Although multi-family is an allowable use within the IMU Place type, the intent behind establishing IMU was for the adaptive reuse and further advancement of employment uses within aging manufacturing areas to take precedent, and residential should be an ancillary and supportive use.
- The subject property would not be well served by adjacencies and lacks access to supportive uses for potential residents. The surrounding uses are characterized by manufacturing, warehouse buildings, auto sales and repair with limited restaurants, retail, and personal services. Many parcels in the vicinity were recently rezoned to accommodate manufacturing and logistic type uses.
- Access to Essential Amenities, Goods & Services is a high priority need in this area according to the EGF Community Reports. The petition proposes a 100% multi-family residential land use that does not promote access to amenities, goods, and services.
- The subject property is in an area determined to have high priority need for better access to employment opportunities. The petition proposes a residential land use and does not promote additional access to employment opportunities.
- The site is served by CATS bus routes 99 and 98.
- The site is near Blythe Elementary, JM Alexander Middle School, and North Mecklenburg High.

The approval of this petition will revise the recommended place type as specified by the *2040 Policy Map*, from manufacturing & Logistics to Innovation Mixed Use Place Type for the site.

PLANNING STAFF REVIEW

• Proposed Request Details

The site plan accompanying this petition contains the following provisions:

- Allows up to ~~350~~ 300 multi-family stacked dwelling units.
- Provides access to the site via Twin Lakes Parkway.
- Dedicates 50-feet of right-of-way from the Alexandriana and Statesville Road centerlines and 31.5-feet of right-of-way from the Twin Lakes Parkway centerline.
- Provides an 8-foot planting strip and a 12-foot multi-use path along Alexandrina Road and Statesville Road.
- Provides an 8-foot planting strip and an 8-foot sidewalk along Twin Lake Parkway.
- Provides an 8-foot sidewalk extension from the site along Alexandriana Road to North Lake Auto Plaza Boulevard within the existing right-of-way IF right-of-way is available.
- Provides a bus pad along Alexandriana Road and Statesville Road.
- Reduced unit count from 350 to 300.
- Dedicates up to 5 acres of open space inclusive the site's required tree save and up to 2.5 acre conservation easement to Mecklenburg County Park & Recreation.
- Provides a workforce housing program to ensure that no fewer than 10% of the total number of units developed on the Site, for a period of not less than 10 years, maintain monthly rents that are income restricted for households earning 80% or less of the area median income.

• Existing Zoning

- The site is zoned Office Flex Campus. The surrounding land uses include several auto dealerships, two schools, warehousing, commercial and retail uses. This site is at the northern boundary of Charlotte's jurisdiction adjacent to Huntersville. Most of the property on the opposite frontage of Alexandrina Road is zoned Corporate Business, a similar designation to Charlotte's ML or IMU. Neighborhood Residential borders the site across from the Twin Lakes/Alexandrina intersection where the Striker's Soccer Complex and North Mecklenburg High School are located.

The subject property is denoted with a red star.

The property to the south along Twin Lakes Parkway is developed with a Tesla auto dealership.

The property to the north and northwest of the site along Alexandrina Road is a Strikers Soccer Center and North Mecklenburg High in Huntersville.

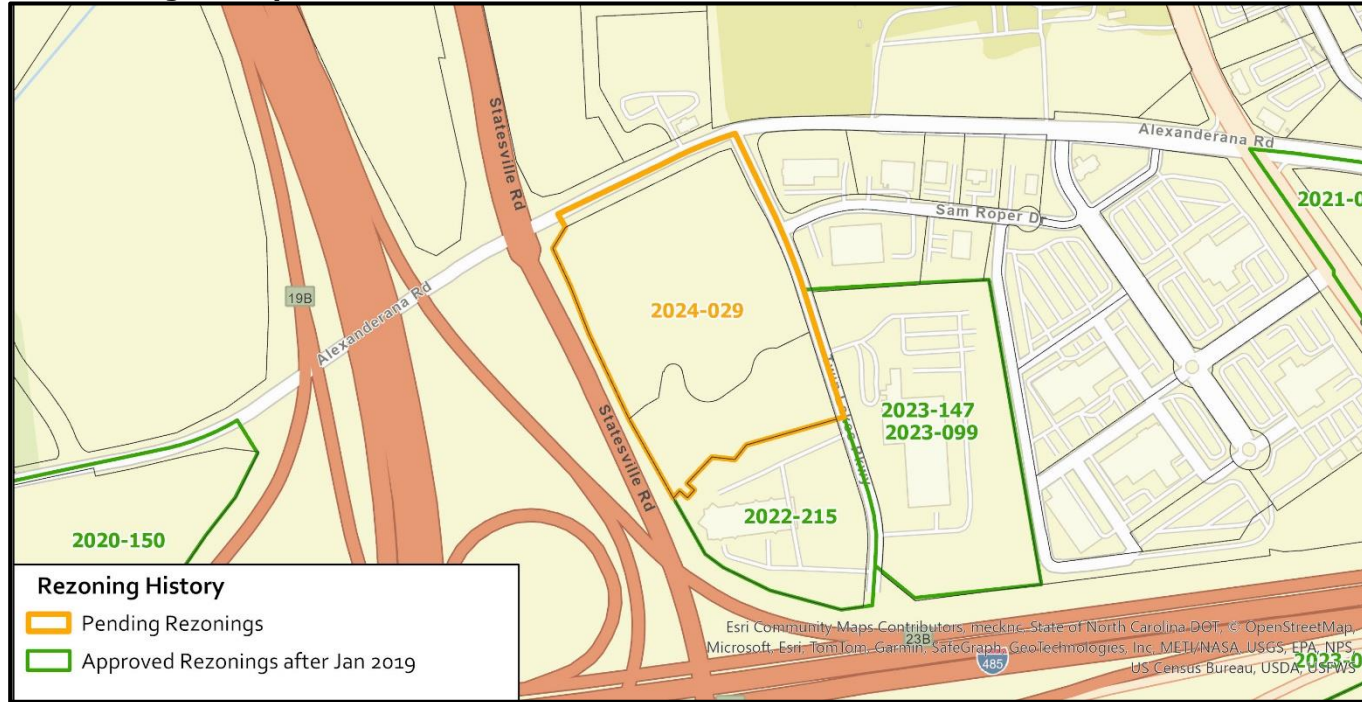

The property to the west along Sam Roper Drive is developed with office, warehouse, and commercial uses.

The property is bordered by Statesville Road and the Interstate 77 and Interstate 485 interchange to the west.

• **Public Plans and Policies**

- The 2040 Policy Map (2022) recommends the Manufacturing & Logistics Place Type.

• **TRANSPORTATION SUMMARY**

- The site is located at the intersection of Alexandriana Road, a State-maintained minor arterial, and Statesville Road, a State-maintained major arterial. A Traffic Impact Study (TIS) is not required for the site due to the development generating site trips under ordinance thresholds and not meeting additional TIS triggers. Based on the 1,623 daily trips, the petitioner will be required to satisfy Tier 3 Multimodal and Transportation Demand Management (TDM) assessments. Site plan and/or conditional notes commit to dedicating right of way per UDO, streetscape improvements, and updating conditional notes. There are no further outstanding transportation issues.
- Active Projects:
- TIP – Statesville Rd (US 21)
 - Project Limits: W. W.T. Harris Blvd. (US 24) to Hambright Road.
 - TIP Number: U-6069(?)
 - Advanced Project Description: Widen from 2 lanes to 4 lanes, with median and multi-use path.
