STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *2040 Policy Map* recommendation for Neighborhood 1 Place Type.

Rationale for Recommendation

- The subject property is within ¼ mile walkshed of a Community Activity Center and Campus Place Type.
- The subject property is located on the CATS bus route 53X.
- The site is adjacent to the Campus Place Type to the east and the Community Activity Center Place Type to the west. The proposed zone and place type provides an appropriate transition to the abutting uses.

- Access to housing is the highest priority need in this area according to the EGF Community Reports. The petition seeks to address the housing need with an allowance for up to 114 new residential units.
- The site continues a similar development pattern with the adjacent community to the west and provides street connectivity through Ragsdale Drive and Tournament Drive.
- Provides pedestrian and bicycle accommodations along the frontage of Johnston Oehler Road.
- The site is located just west of Mallard Creek High and Corvian schools.
- The petition could facilitate the following *2040 Comprehensive Plan Goals*:
 - 1: 10 Minute Neighborhoods
 - 2: Neighborhood Diversity & Inclusion

The approval of this petition will revise the recommended Place Type as specified by the *2040 Policy Map*, from Neighborhood 1 Place Type to Neighborhood 2 Place Type for the site.
