STAFF RECOMMENDATION

Staff does not recommend approval of this petition in its current form.

Plan Consistency

The petition is **inconsistent** with the *2040 Policy Map* recommendation for Neighborhood 1 Place Type.

Rationale for Recommendation

- The subject property is not located within ¼ or ½ mile of Activity Centers, Campus, or Innovation Mixed Use place types.
- The subject property is not located within ½ mile walkshed of a high-capacity transit station or major transportation corridor.
- The subject property does not have frontage along an arterial or major road and lacks adequate connectivity to arterials, major roadways, transit, or nearby destinations to support the higher density development as proposed.

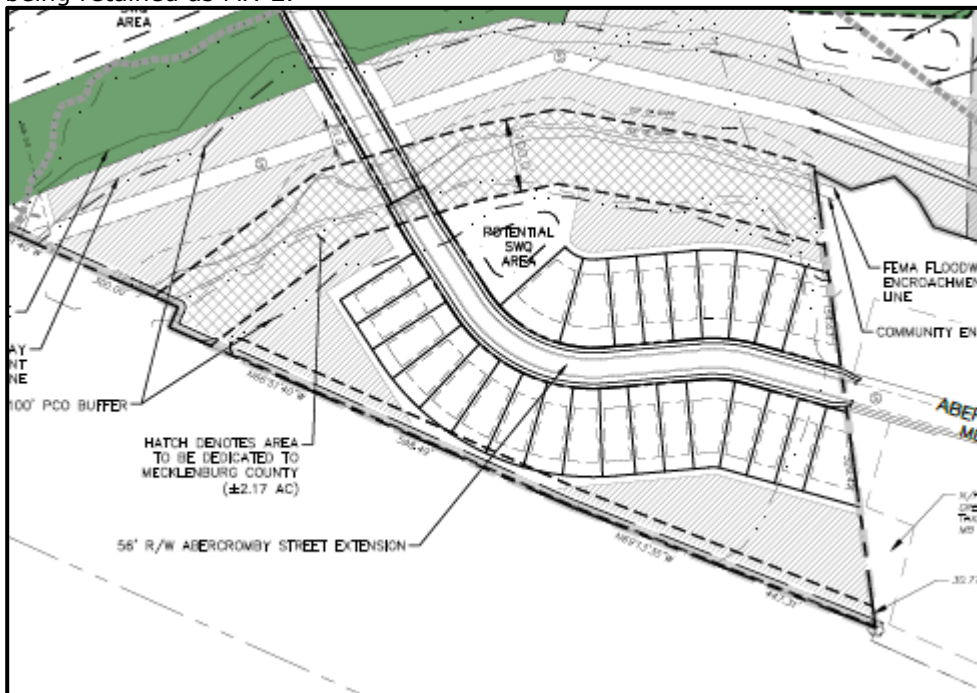

- The petition does have a preferred adjacency to Neighborhood 1.
- This petition proposes to increase housing inventory and add to the variety of housing options in the area. However, staff would like to see a proposal that better aligns with the Neighborhood 1 Place Type.
- The petition could facilitate the following *2040 Comprehensive Plan* Goals:
 - 2: Neighborhood Diversity & Inclusion.

The approval of this petition will revise the recommended place type as specified by the *2040 Policy Map*, from Neighborhood 1 Place Type to Neighborhood 2 Place Type for the site.

PLANNING STAFF REVIEW

• Background

- This site was originally rezoned by Petition 2021-125 as phase 1B allowing 26 single family lots. It was never developed. The site was rezoned again by Petition 2023-030 and this portion of the site being retained as MX-2.

• Proposed Request Details

The site plan accompanying this petition contains the following provisions:

- Allows up to ~~71~~ 70 multi-family attached dwelling units.
- Dedicates 29-feet of right-of-way from the Abercromby street centerline.
- Provides future cross parcel access to the north.
- Provides 17,750 square-feet of open space.
- Provides an 8-foot planting strip and an 8-foot sidewalk along the Abercromby Street extension.
- Dedicates the 100-foot SWIM buffer as a greenway easement to Mecklenburg County.
- Provides architectural details including building materials.
- Addition of 13 driveways rather than parking pads.
- Reduced the number of units fronting Interstate 485 from 18 to 7.
- Increased visitor parking by 2 spaces.

- Existing Zoning

- The surrounding land uses include single family and currently undeveloped land.

The subject property located along the north side of Interstate 485 is denoted with a red star.

The property to the east along Abercromby Street is developed with single family homes.

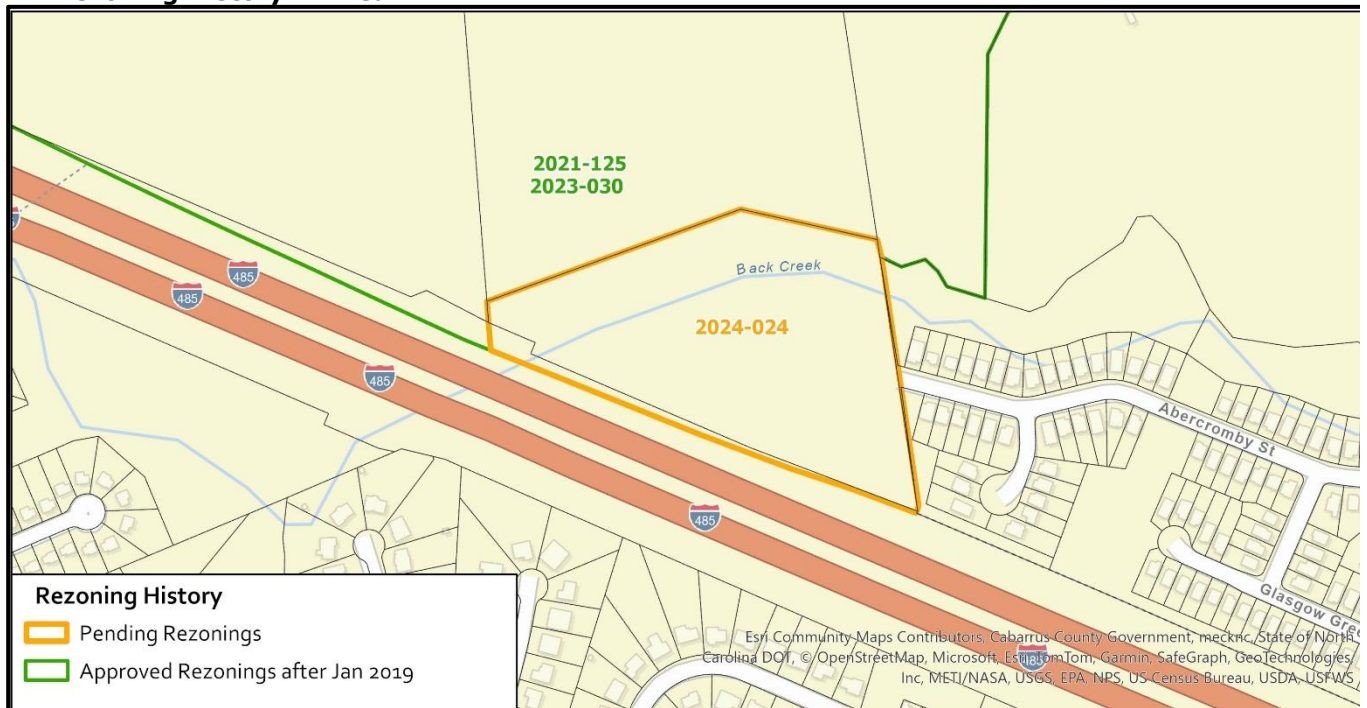

The property to the north and west is currently vacant. It is part of the 2023-030 rezoning.

Interstate 485 is to the south of the property.

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status
2021-125	Rezoned 133 acres from R-3, R-4 and B-D to MX-2 to allow a residential development comprised of up to 581 single family attached and detached dwellings.	Approved
2023-030	Rezoned 123 acres from MX-2 to I-2(CD and MX-2 to allow a maximum 2.5 million square foot data center and an electric substation.	Approved

• **Public Plans and Policies**

- The 2040 Policy Map (2022) recommends a Neighborhood 1 Place Type.

• **TRANSPORTATION SUMMARY**

- The site is located at end of Abercromby Street, a private-maintained major collector, west of Houldsworth Drive, a private-maintained major collector. A Traffic Impact Study (TIS) is not required for the site due to the development generating site trips under ordinance thresholds and not meeting additional TIS triggers. All outstanding CDOT comments have been addressed.

○ **Active Projects:**

- N/A

• **Transportation Considerations**

- See Outstanding Issues, Note 1 Addressed

• **Vehicle Trip Generation:**

Current Zoning:

Existing Use: 0 trips per day (based on vacant land).

Entitlement: XX trips per day (trip generation not provided for MX-2 zoning district).

Proposed Zoning: 491 trips per day (based on 71 dwelling units).
