

Water Transmission Mains Improvements & Repairs Program

Charlotte Water (CLTWater) has identified various improvements and repairs to water mains near you. To provide more reliable water service, construction work is happening in or around your neighborhood.

- What:** A new water line is currently being installed*
- Where:** Peachtree Rd. from Oakdale Rd to Ferrell Ave.
- Who:** State Utility Contractors on behalf of CLTWater
- When:** April 2024 - September 2024 **

*Your water service may have been recently impacted by an emergency water line repair. Additional impacts may occur during 2024 and 2025 for existing infrastructure repairs.

**Additional sidewalk construction from the City of Charlotte may begin following the completion of the water project.
