Water Quality
Enhancement Project

PROJECT STATUS
OCTOBER 2024
Design continues.

PROJECT STATUS | OCTOBER 2024

Charlotte-Mecklenburg Storm Water Services and Kimley-Horn and Associates, Inc. have acquired most of the easements needed for construction. The project team is working on finalizing the design plans.

The real estate acquisition phase should be complete soon and then the bid phase will begin. During this phase, the final plans will be circulated to qualified contractors for a competitive bidding process. Once City Council awards the contract, construction will be scheduled.
