RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency
The petition is **consistent** with the *Central District Plan's* (1993) recommendation for institutional land uses at the site.

Rationale for Recommendation

- The plan recommends institutional uses on the site.
- This petition is proposing to remove the encumbrances of the approved conditional plan (2004-016) in order to allow all institutional uses permitted, both by-right and under prescribed conditions which would allow a more diverse set of institutional uses to serve the needs of the community.
- The site abuts single family residential development. Religious, educational, and institutional uses are considered compatible with single family uses.

- This petition accomplishes a goal of the *Central District Plan* of “stabilizing the neighborhoods” by providing necessary social and physical services that will support positive and sustaining changes.

PLANNING STAFF REVIEW

- **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

- **Existing Zoning and Land Use**

The site, initially zoned R-4, was granted a SUP for a fraternity house to accommodate up to 15 persons. Most recently, the site was conditionally rezoned in 2004 to allow for a medical clinic at the site. The site is located along West Sugar Creek Road below the intersection with Interstate 85 in an area largely residential in nature. Immediately surrounding land uses include single family residences, houses of worship, and multi-family housing units.

The subject property is developed with a medical office, denoted by red star.

Surrounding uses along W. Sugar Creek Road include a house of worship (left) and strip center retail (right).

• **Rezoning History in Area**

2018-154	Petition sponsored by the Charlotte-Mecklenburg Housing Partnership to permit multiple uses allowed within the UR-2 and MUDD district but primarily consisting of up to 50 multi-family units.	Approved

• **Public Plans and Policies**

- The adopted policies for this petition are in the Central District Plan (1993), which recommends institutional uses on the site.
- The adopted land use policy for this site was amended by rezoning petition 2004-016 to institutional uses.

- **TRANSPORTATION SUMMARY**

- The site is located on a major thoroughfare road and within a wedge. During the permitting review, CDOT will work with the petitioner to install the required streetscape and improvements based on City zoning ordinance.
- **Active Projects:**
 - No active projects near site.
- **Transportation Considerations**
 - No outstanding issues.
- **Vehicle Trip Generation:**
 - Current Zoning:
 - Existing Use: 300 trips per day (based on 10,000 SF of medical office).
 - Entitlement: Too many uses to determine.
 - Proposed Zoning: Too many uses to determine.
