The total estimated capital costs of providing the additional school capacity for this new development is \$81,000, calculated as follow:

Middle School: **1** x \$37,000 = \$37,000

**RECOMMENDATION**

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about a rezoning case where school utilization exceeds 100% since the proposed development may exacerbate the situation. Approval of this petition may increase overcrowding and/or reliance upon mobile classrooms at the schools listed above.

Applicants are encouraged to contact us in advance of their project submittals to inform CMS of their prospective impacts and discuss mitigation alternatives.

In the South Planning Group, the projected student impact from approved rezonings from April 2018 to March 2021 is 1441 students.
