Petition No: 2022-052

IMPACT UNDER CURRENT ZONING

Number of housing units allowed under current zoning: the approximately 1.9 acres zoned R-3 would allow 5 single family detached

Number of students potentially generated under current zoning: 3 students (1 elementary, 1 middle, 1 high)

IMPACT OF THE PROPOSED DEVELOPMENT

*Proposed Housing Units: The R-17 MF (CD) zoning petition seeks to allow up to 29 single-family attached
 CMS Planning Group: West*

Average Student Yield per Unit: 0.1482

This development may add 4 students to the schools in this area.

The following data is as of 20th Day of the 2021-22 school year.

<i>Schools Affected</i>	<i>Total Classroom Teachers</i>	<i>Building Classrooms/ Teacher Stations</i>	<i>20th Day Enrollment</i>	<i>Building Classroom/ Adjusted Capacity (Without Mobiles)</i>	<i>20th Day, Building Utilization (Without Mobiles)</i>	<i>Additional Students As a result of this development</i>	<i>Utilization As of result of this development (Without Mobiles)</i>
TUCKASEEGEE ELEMENTARY	35.50	35	581	573	101%	2	101%
WHITEWATER MIDDLE	48.5	56	748	864	87%	1	87%
WEST MECKLENBURG HIGH	79.9	102	1211	1546	78%	1	78%

*The total estimated capital costs of providing the additional school capacity for this new development is \$68,000, calculated as follow:

Elementary School: $2 \times \$34,000 = \$68,000$

RECOMMENDATION

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about a rezoning case where school utilization exceeds 100% since the proposed development may exacerbate the situation. Approval of this petition may increase overcrowding and/or reliance upon mobile classrooms at the school listed above.

Applicants are encouraged to contact us in advance of their project submittals to inform CMS of their prospective impacts and discuss mitigation alternatives.
