BAC Meeting Minutes

- The meeting began by committee members introducing themselves.
- Caitlin reviewed revised format for the sub-committee meeting:
  - Subcommittee meetings will be held the third Tuesday of every month from 6-7pm
  - The meetings will be public, the webex link to the meeting is available online
  - Meeting minutes will be maintained by committee members
  - A CDOT staff member will attend each committee meeting.
- Caitlin led the meeting by reviewing and refining the priorities and tasks that the subcommittee will focus on throughout the year.
- Eoin pointed out that focusing on the Strategic Mobility Plan and advising council to support projects that support priorities 1-3 is the most valuable use of the Subcommittees time.
- Michael brought up an additional concern about sweeping and maintaining bike facilities. The Subcommittee added a task to research potential strategies for improving or implementing a bike maintenance program. Caitlin pointed out the BAC would likely need to advise council this is something that would need resources to support.
- The final priorities and tasks the subcommittee agreed upon are outlined below.
- The meeting adjourned at 6:45pm.

Priority #1: Prioritize the expansion of Protected Bike Lanes & Improve Connectivity in the bike network

- Task: Monitor Comprehensive Plan/Strategic Mobility Plan (SMP) and support plan adoption.
  - Sub-Task: Encourage and support a robust public engagement and comment on the development of the Bicycle Priority network plan map
  - Sub-Task: BAC subcommittee members commit to attending the SMP Town Hall meetings expected in Spring 2021.

- Task: Support funding projects that improve biking in the City.
  - Sub-Task: Research and advise on funding request for bike program (how much is the ask?) for next bond cycle 2022
  - Sub-Task: Write a letter and continue to advise council to support the Uptown CycleLink.
  - Sub-Task: Monitor and educate Council on how implemented facilities are being used.

- Task: Research potential strategies and resources for improving/implementing a bike facility maintenance program.

Priority #2: Support VisionZero Projects/Efforts

- Task: Track and support CDOT projects that focus on reducing traffic speeds & improving safety.

Priority #3: Continue to support building greenway/bike infrastructure projects that have committed funding, expedite where possible

- Task: Monitor projects and pro-actively advise Council on supporting, funding and implementing bike, trail and greenway project.
